

Ambassador Program

Self-Monitored Blood Pressure & Nutrition Education

PROGRAM GOAL

Support adults with hypertension (HTN) lower and manage their blood pressure.

WHAT IS HHA?

HHA is a CDC-recognized self-monitored blood pressure and nutrition education program facilitated by a trained coach.

WHY REFER PATIENTS TO HHA?

HHA coaches close the loop on referrals by encouraging participants to share blood pressure readings with their health care team. Those readings can then be entered into the EHR.

Participants use blood pressure tracking to inform lifestyle change.

HHA programs offer walk-in office hours in convenient and accessible locations.
